

It's  
Never too  
Choco-Late

Yup, you  
can have it!

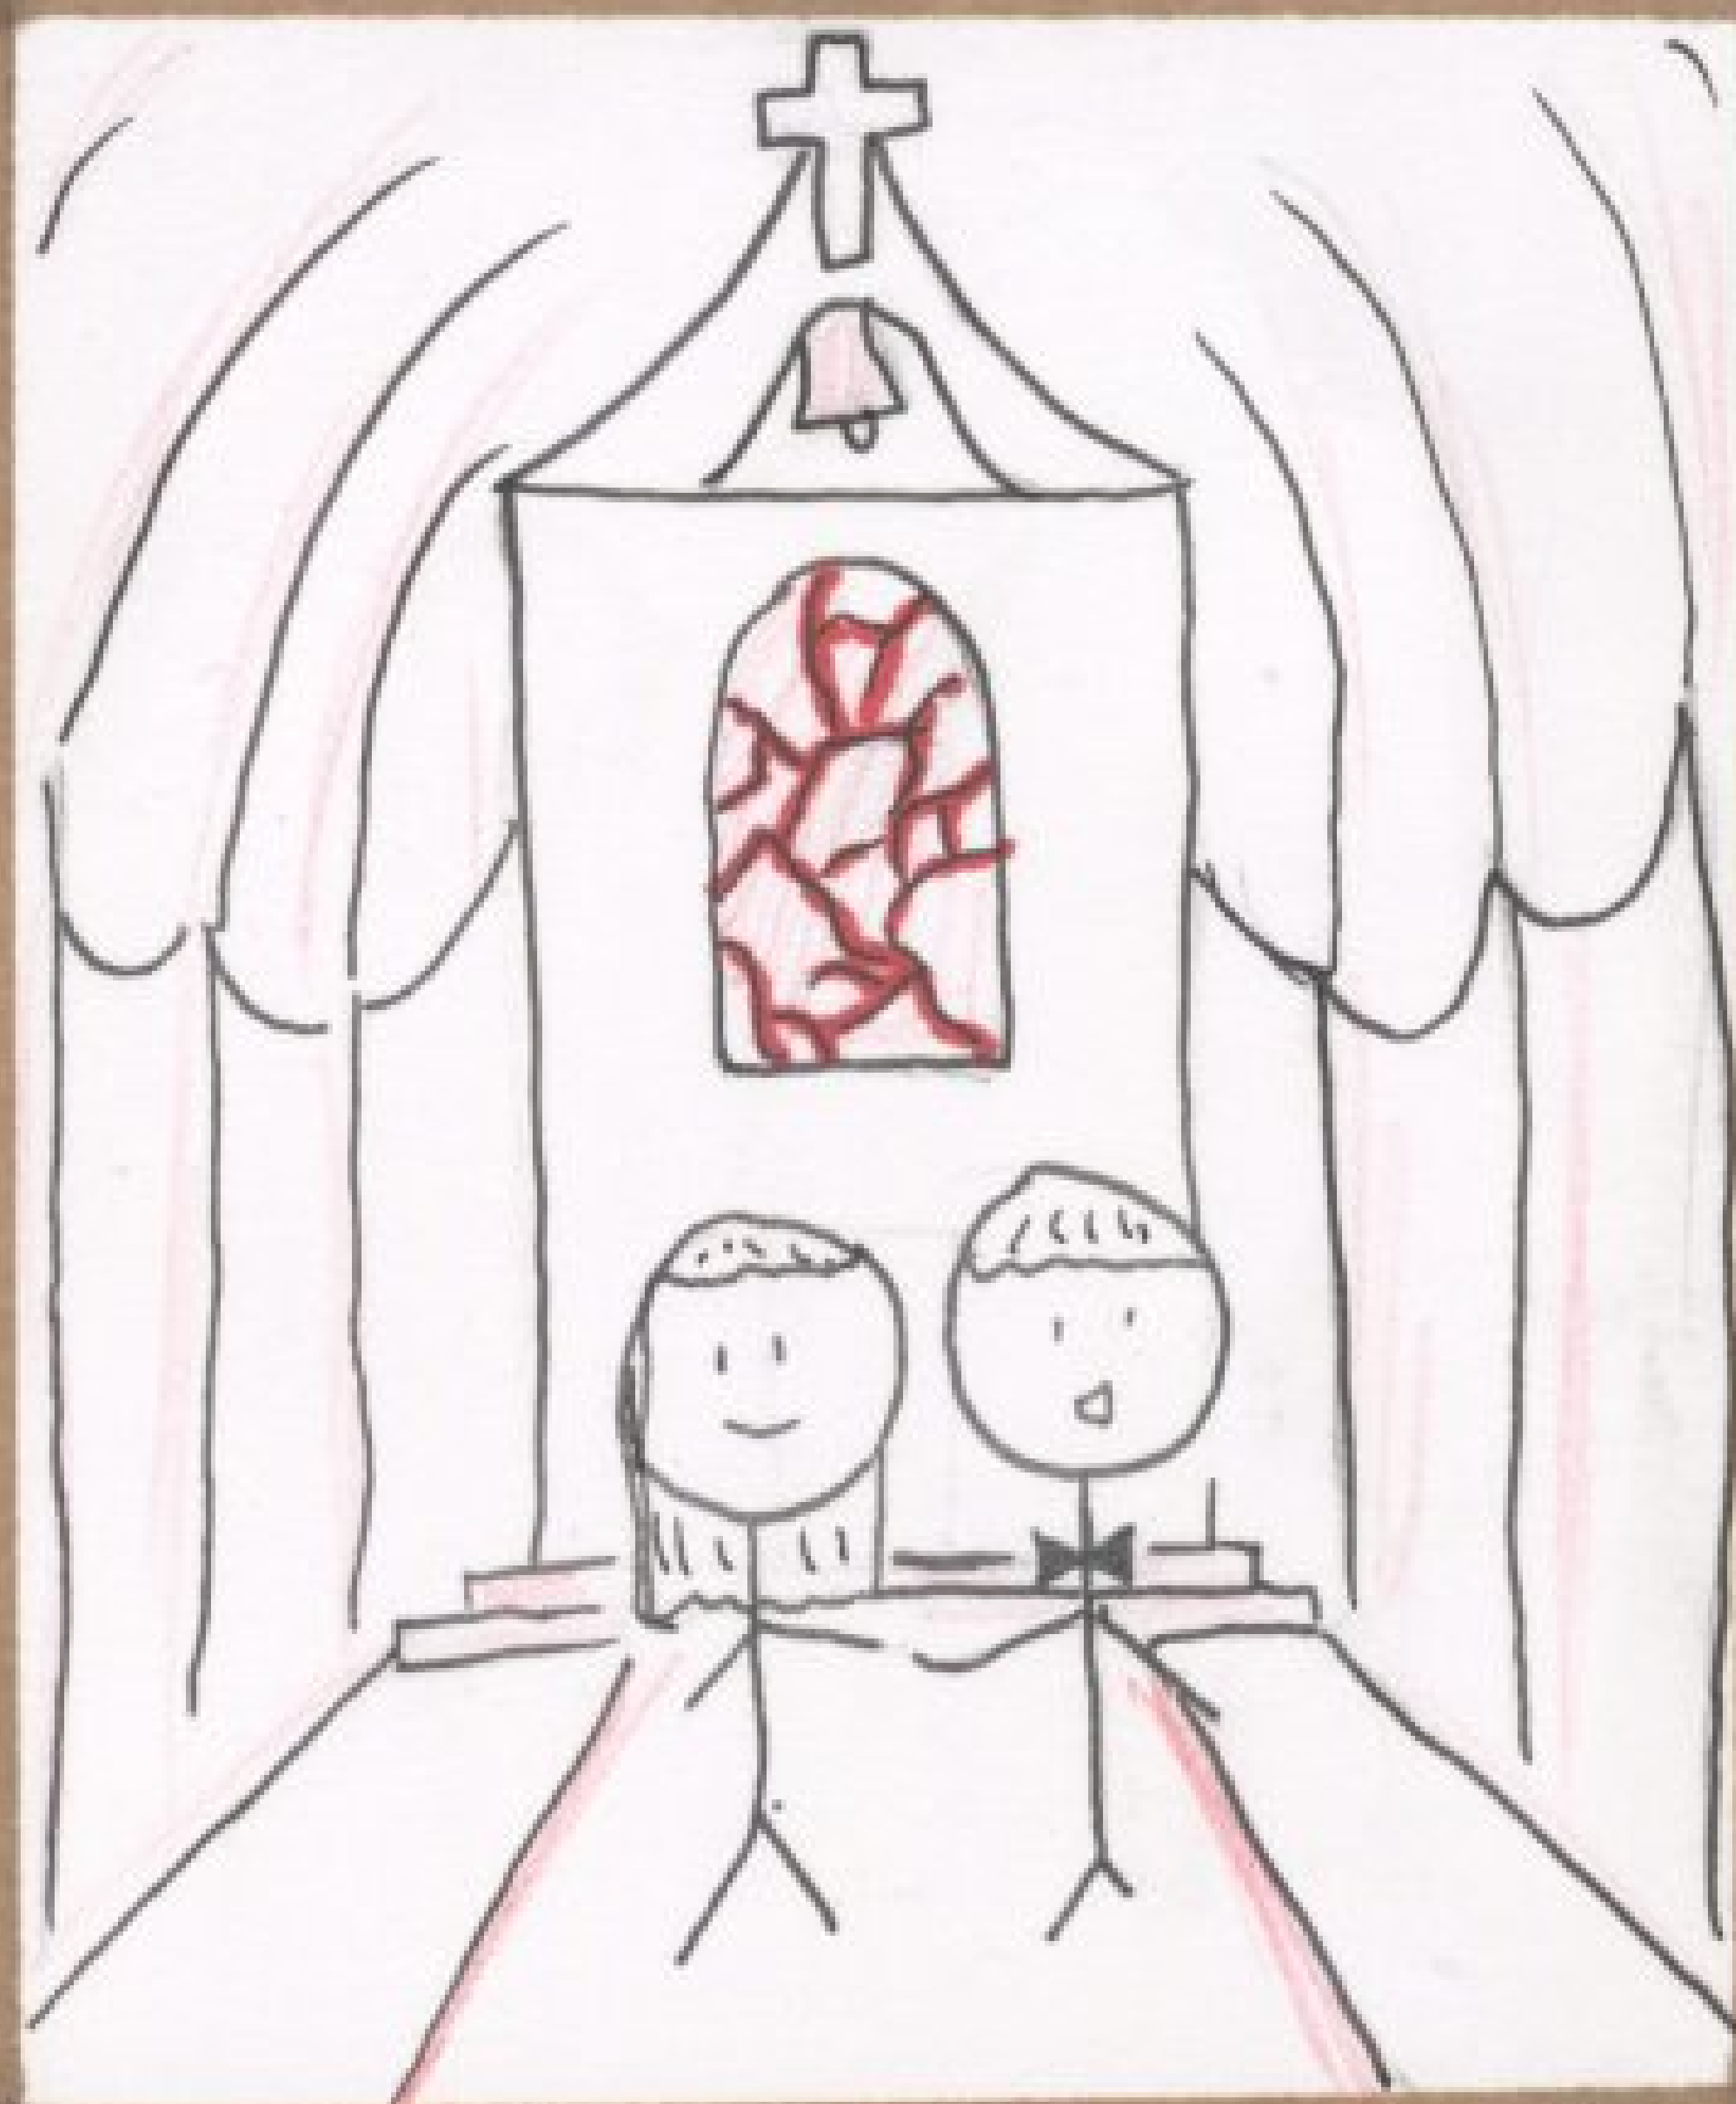

I'm sorry if the  
chocolate's a  
little melted...

He had apologized to me  
about melting the chocolate but..

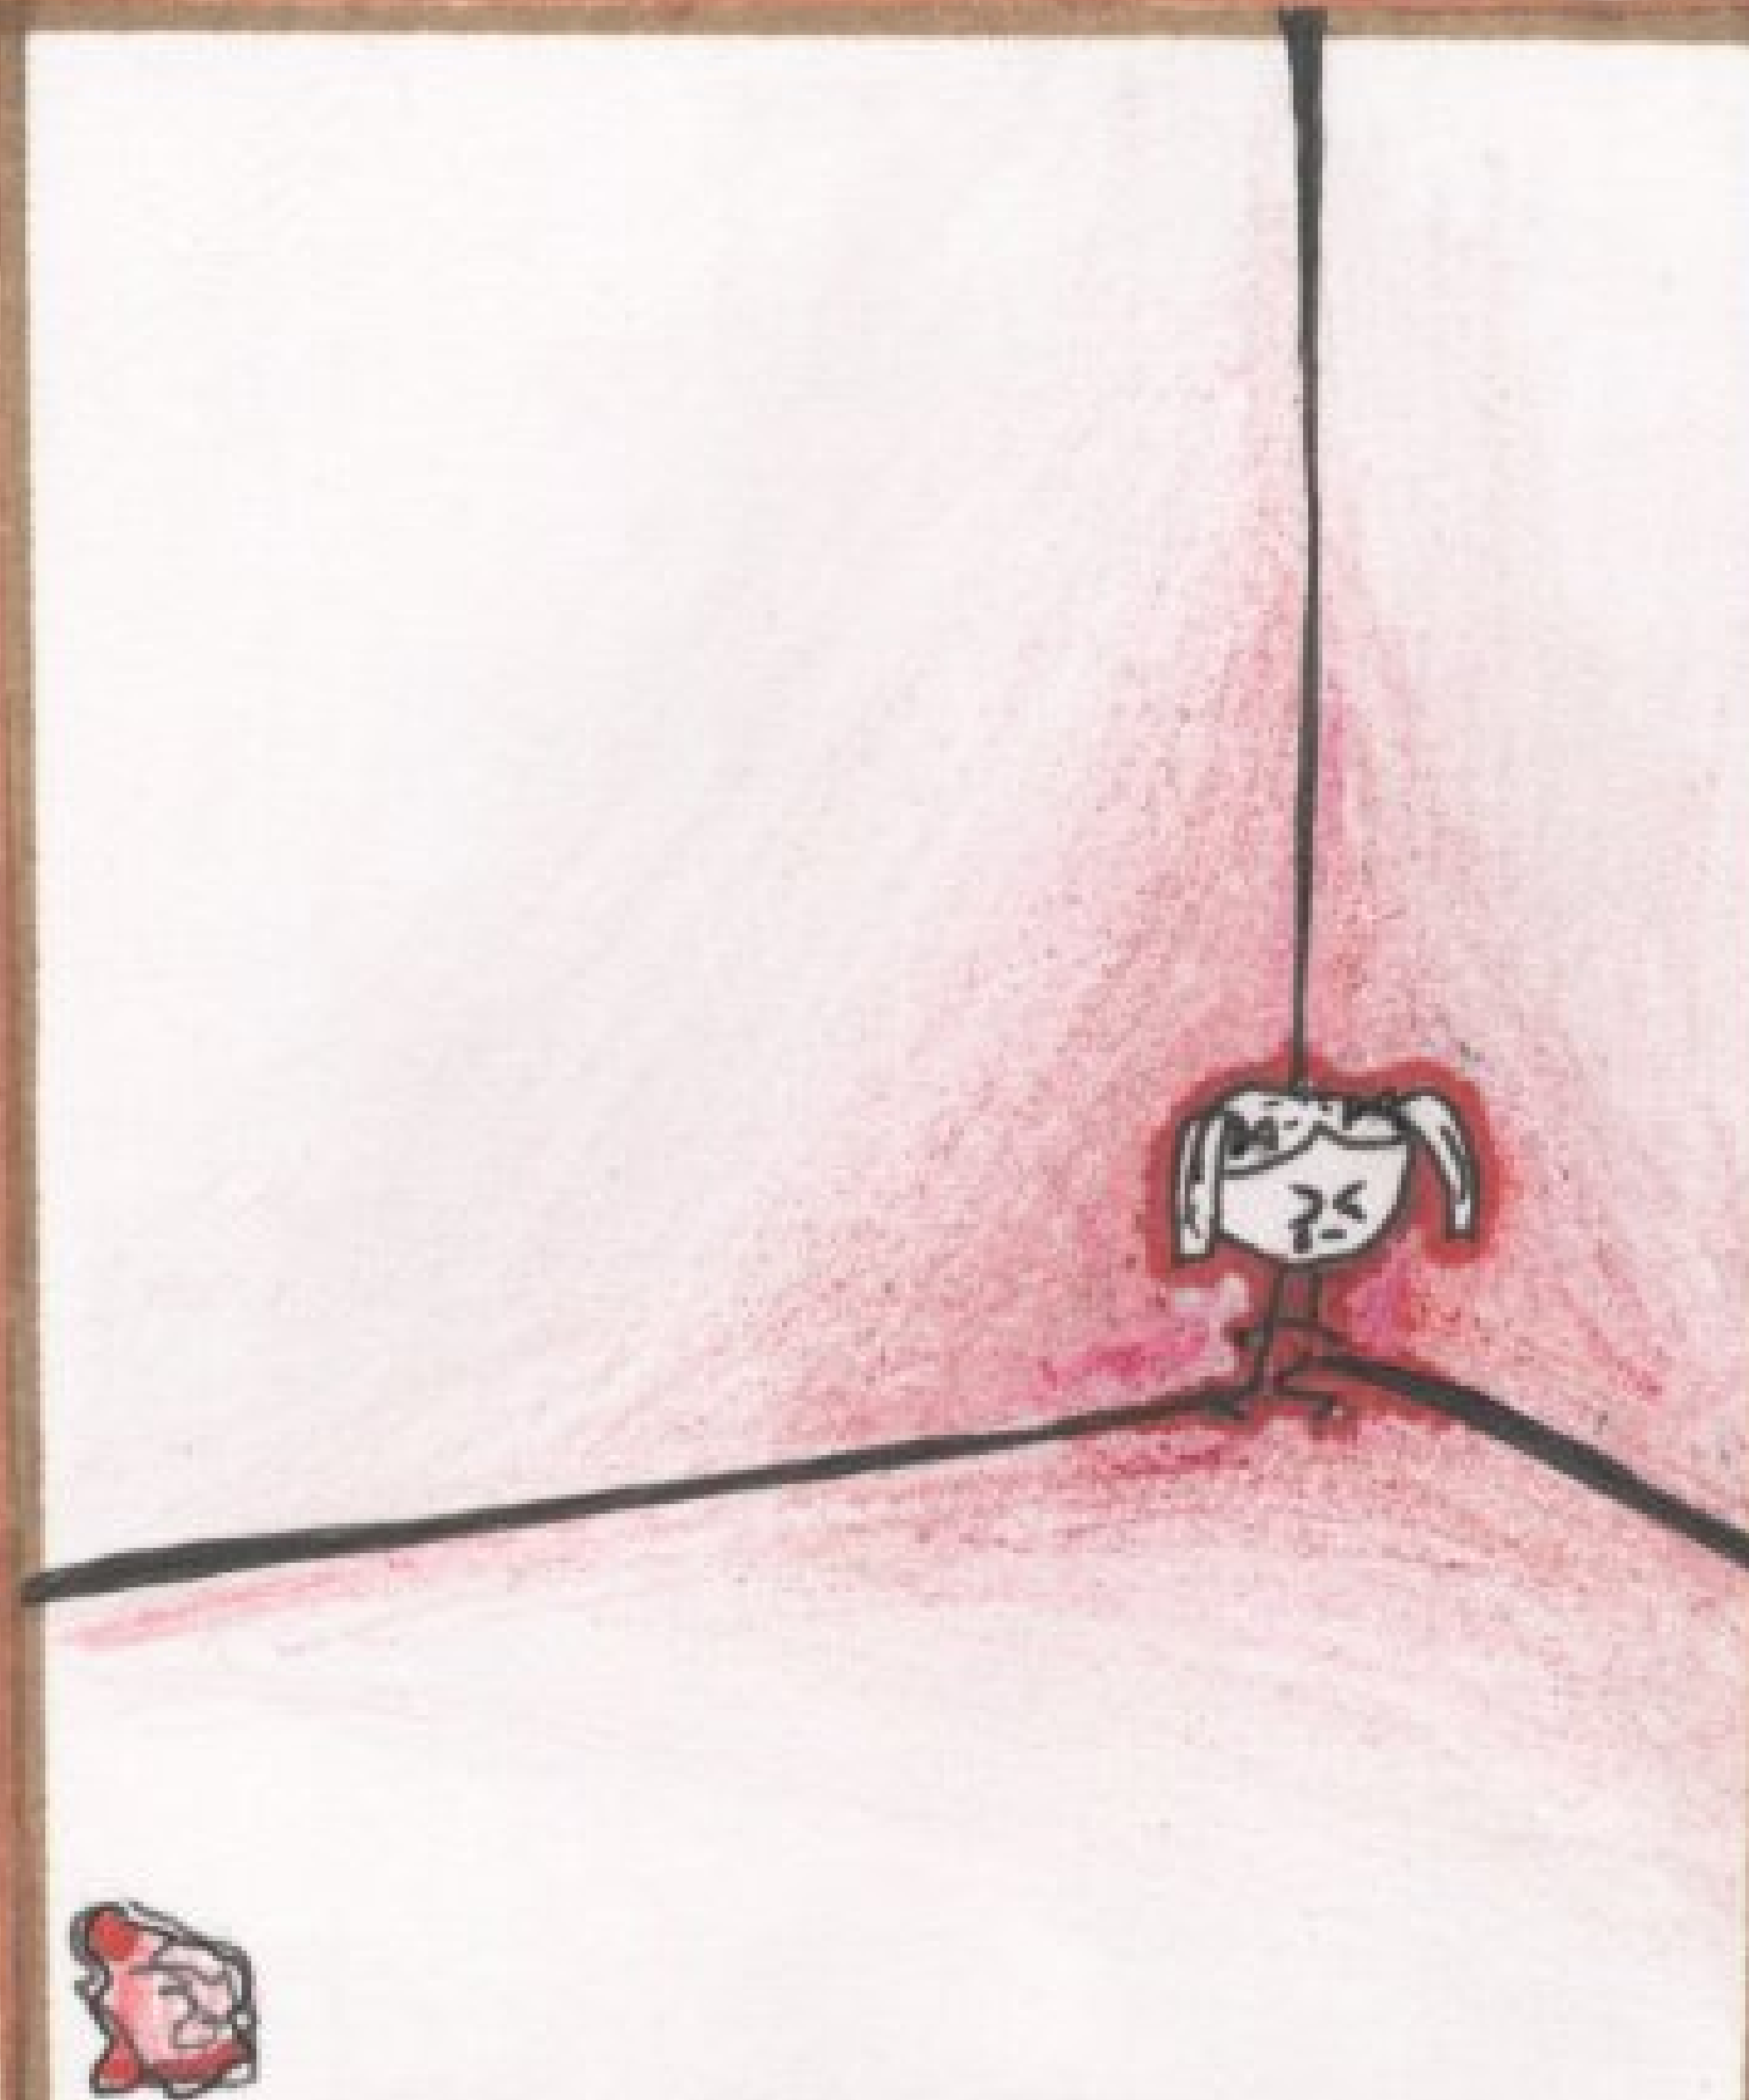

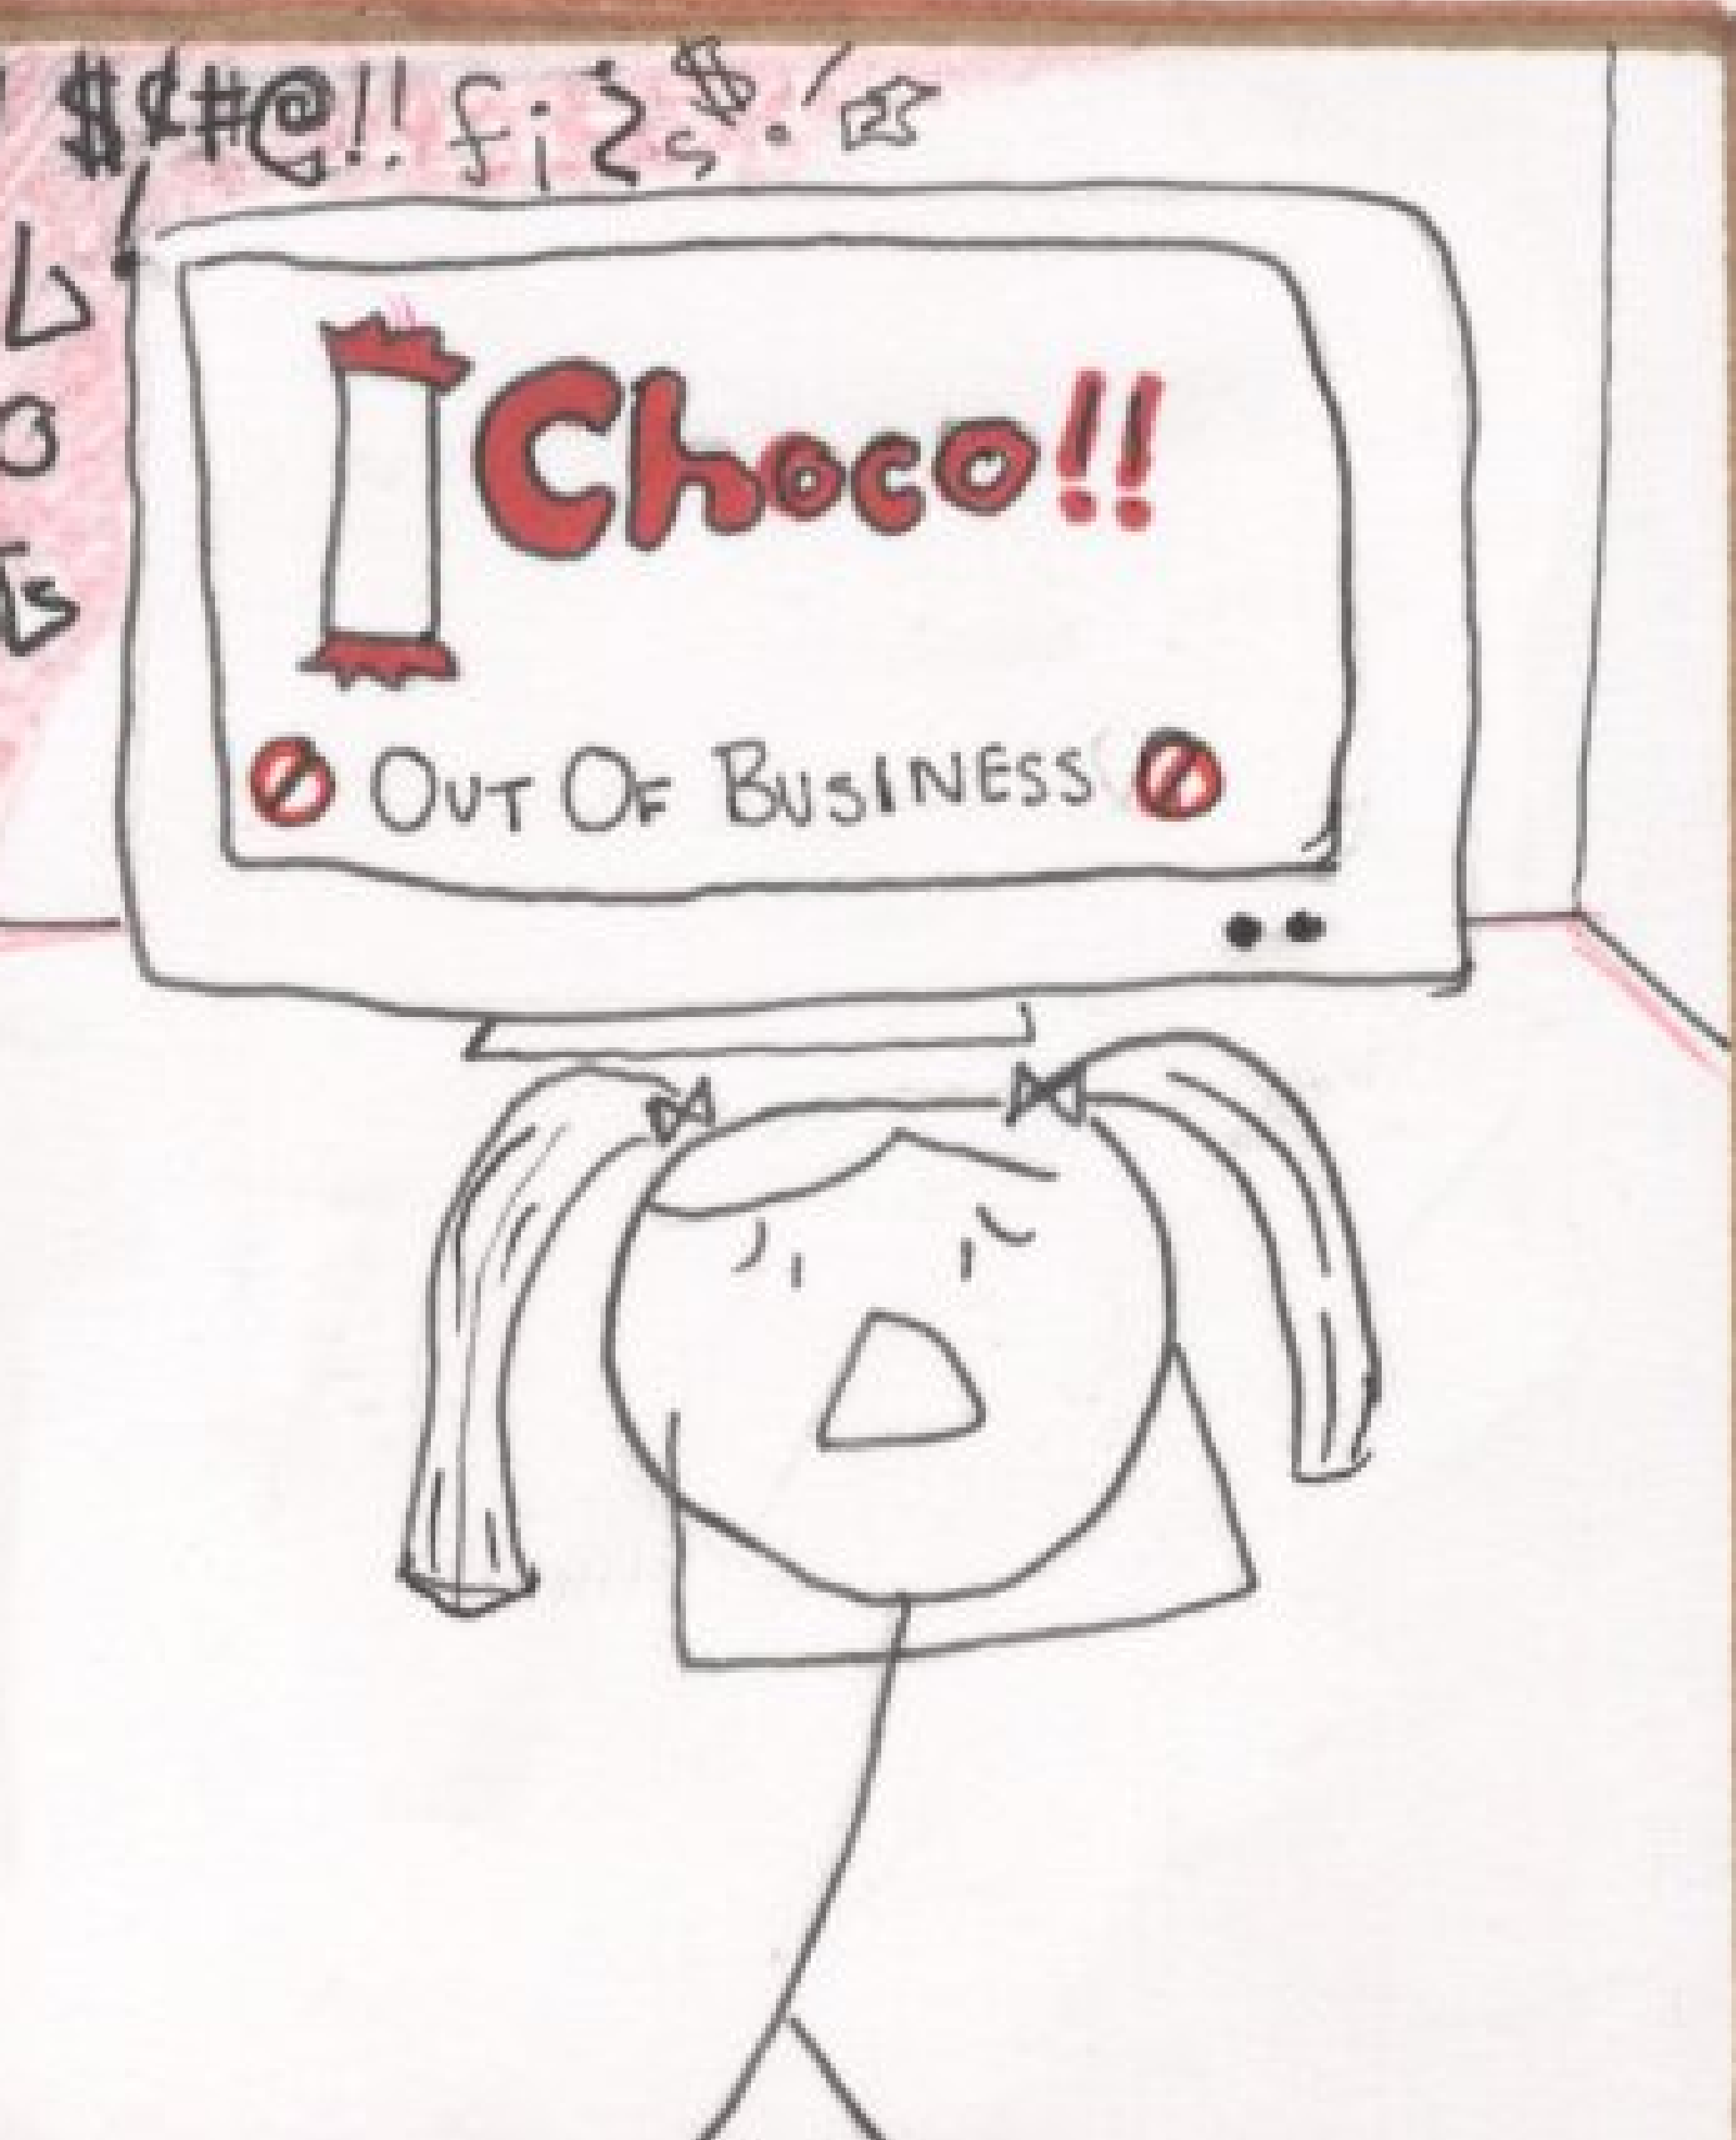

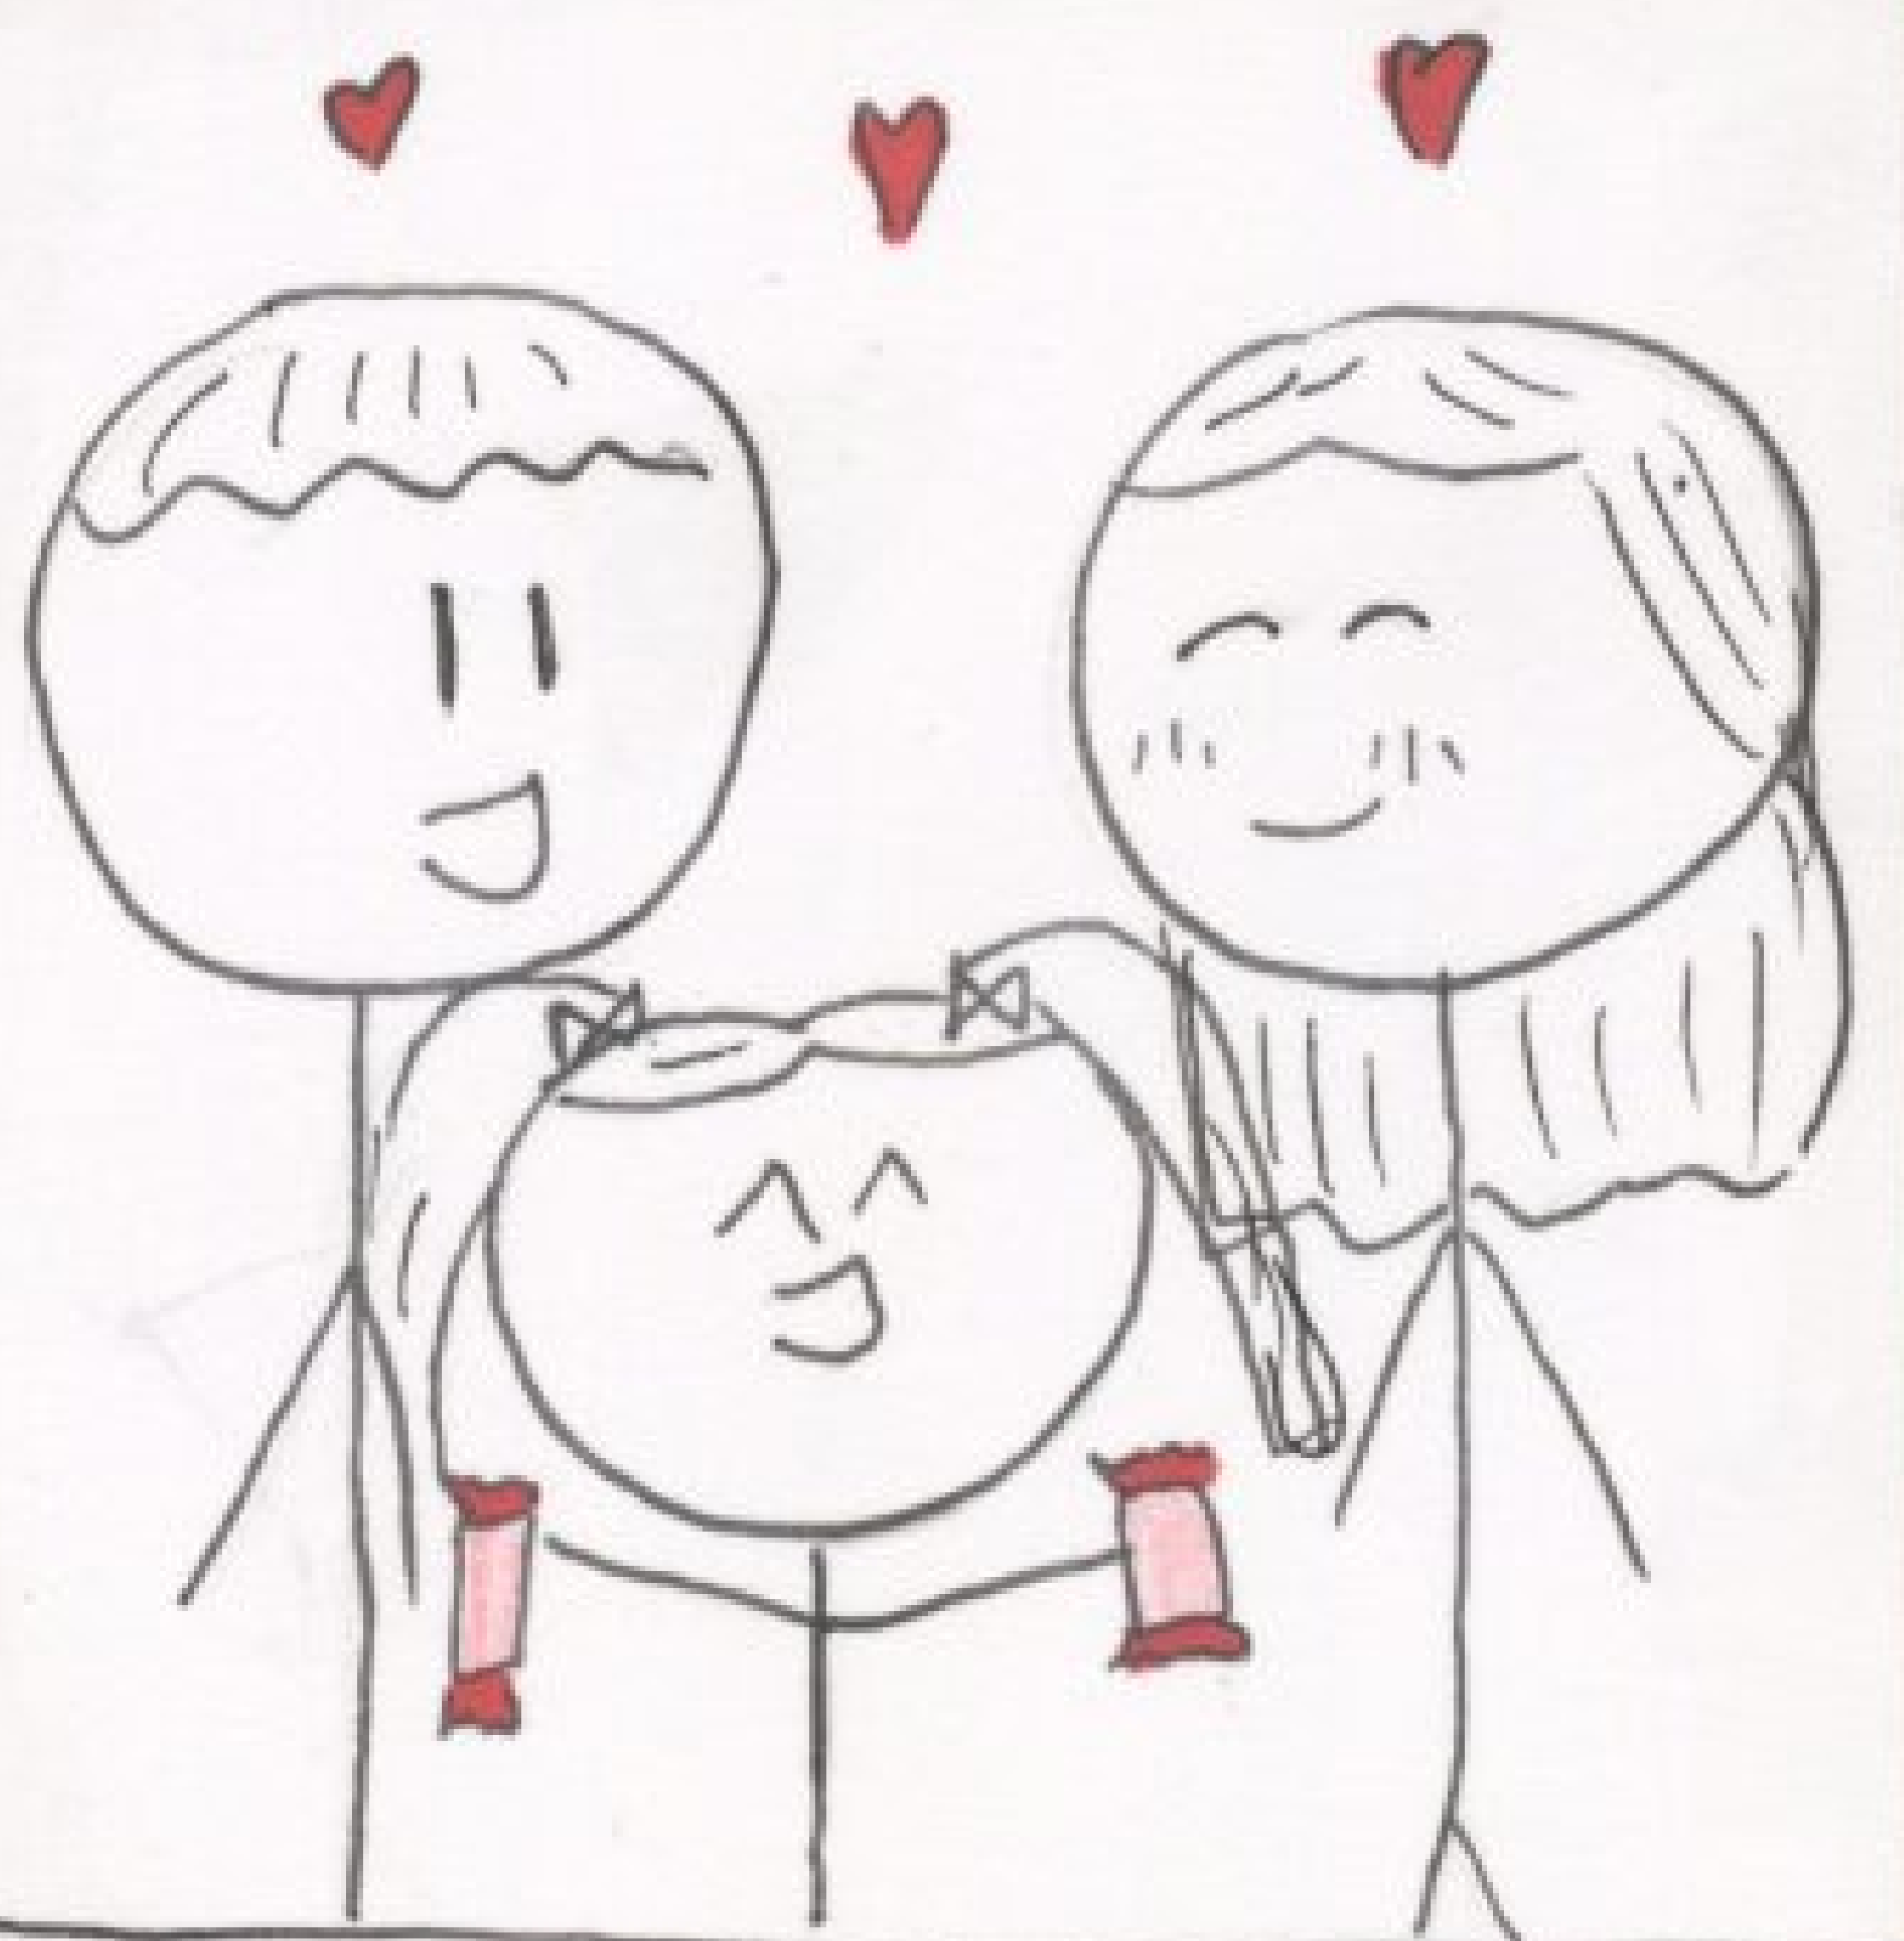

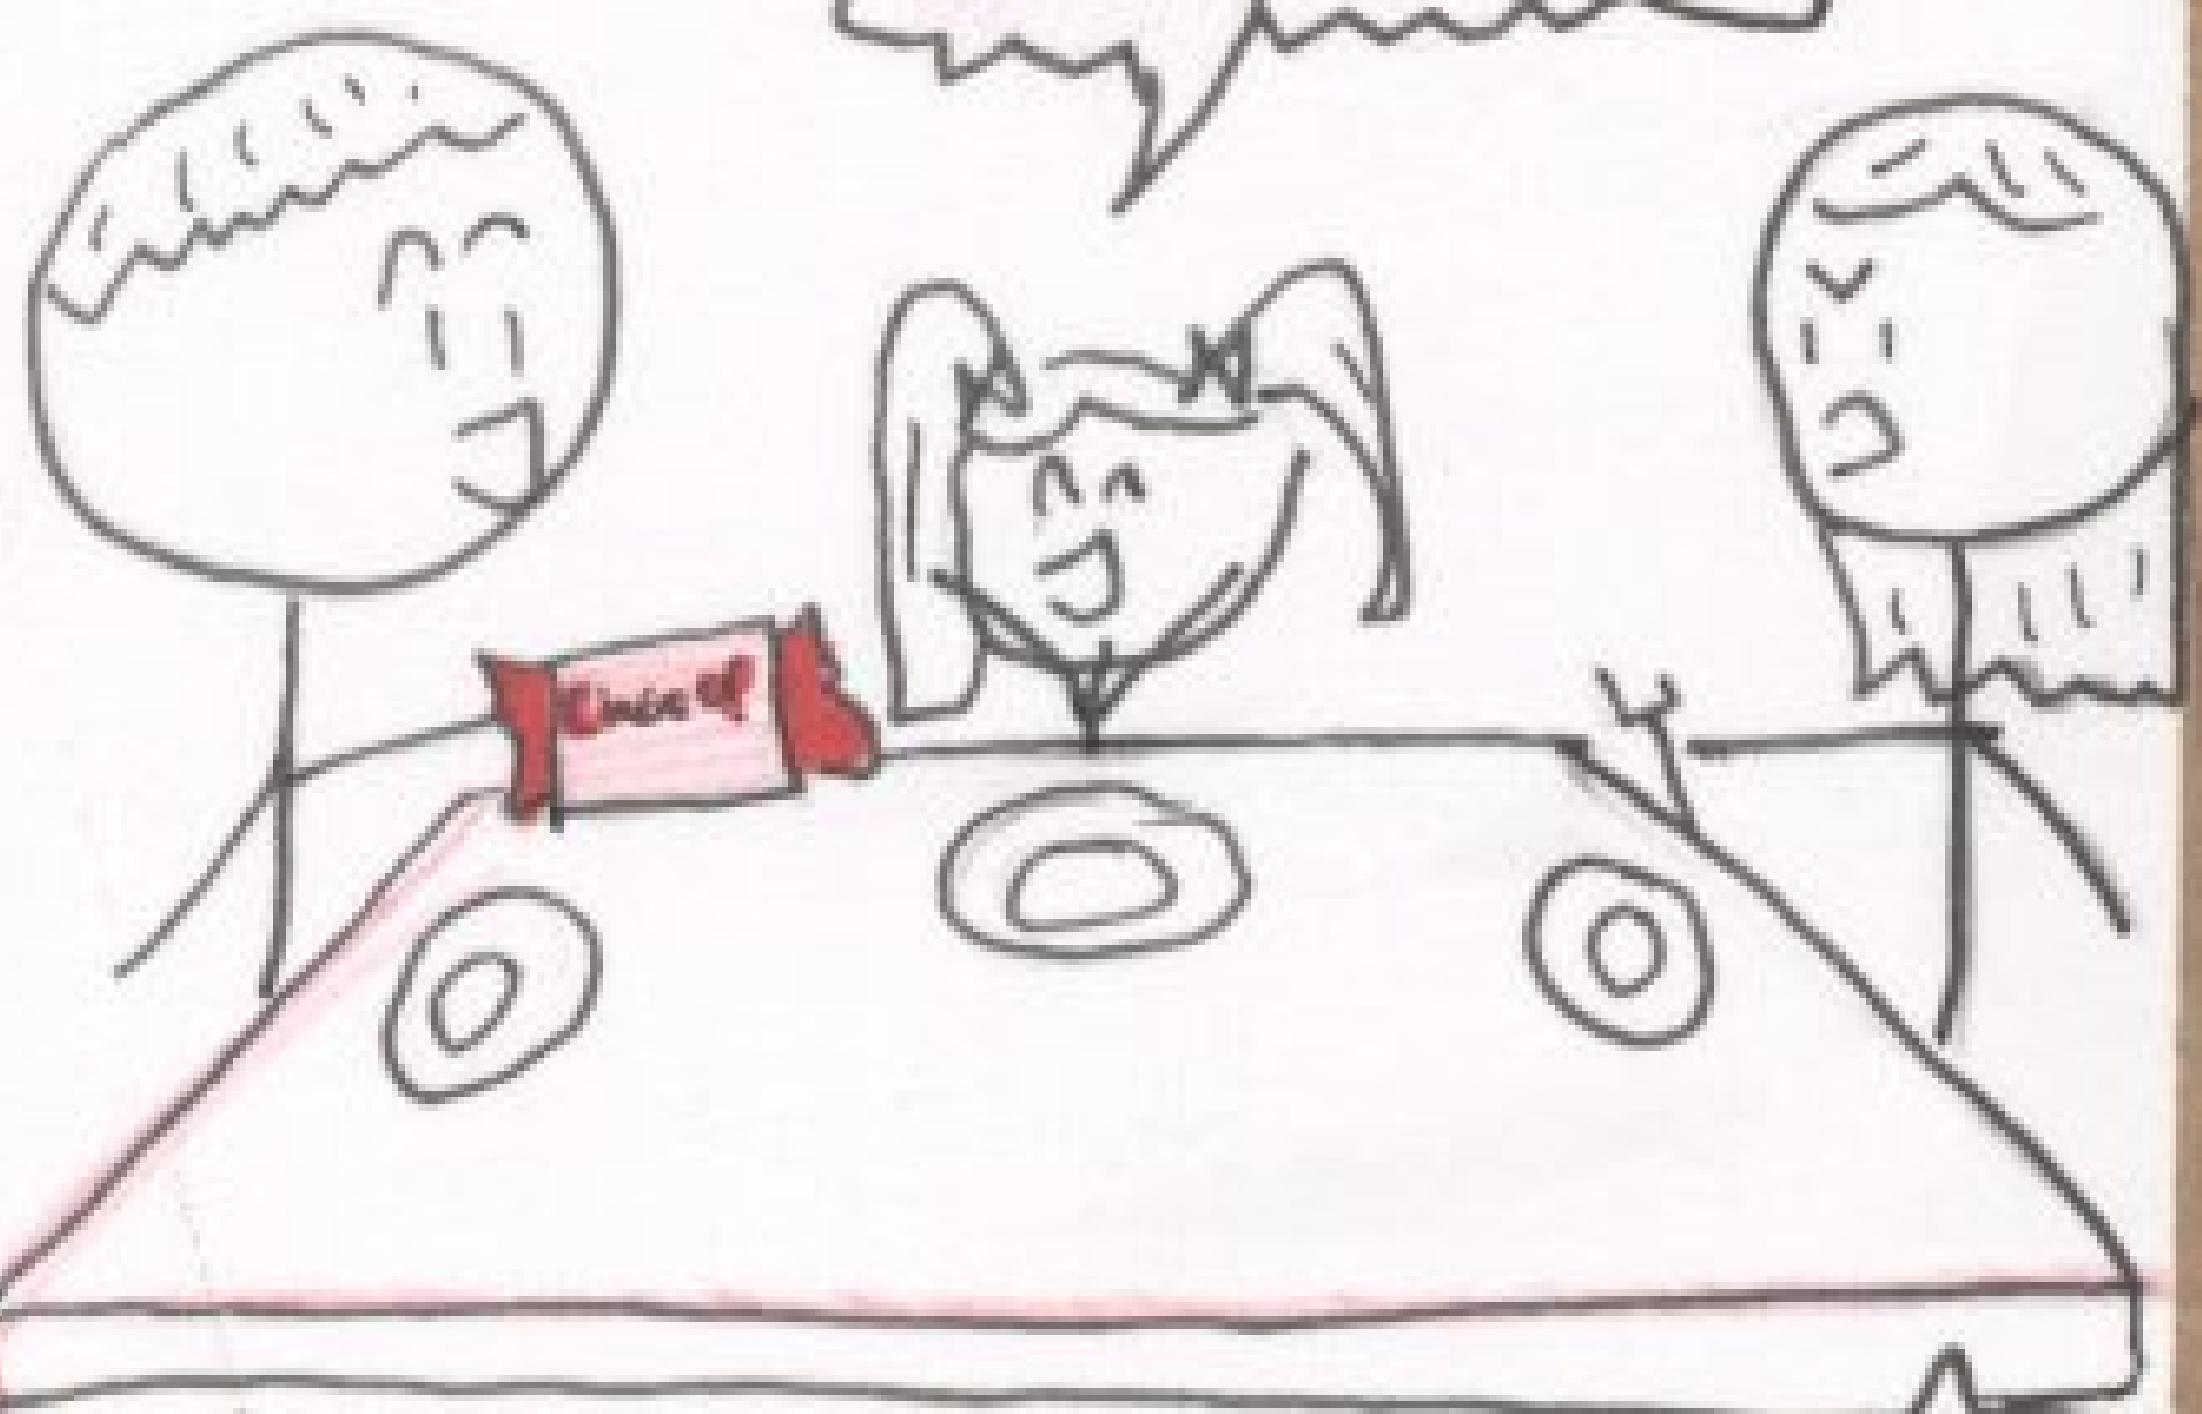

We began dating,  
our relationship grew,  
and soon...

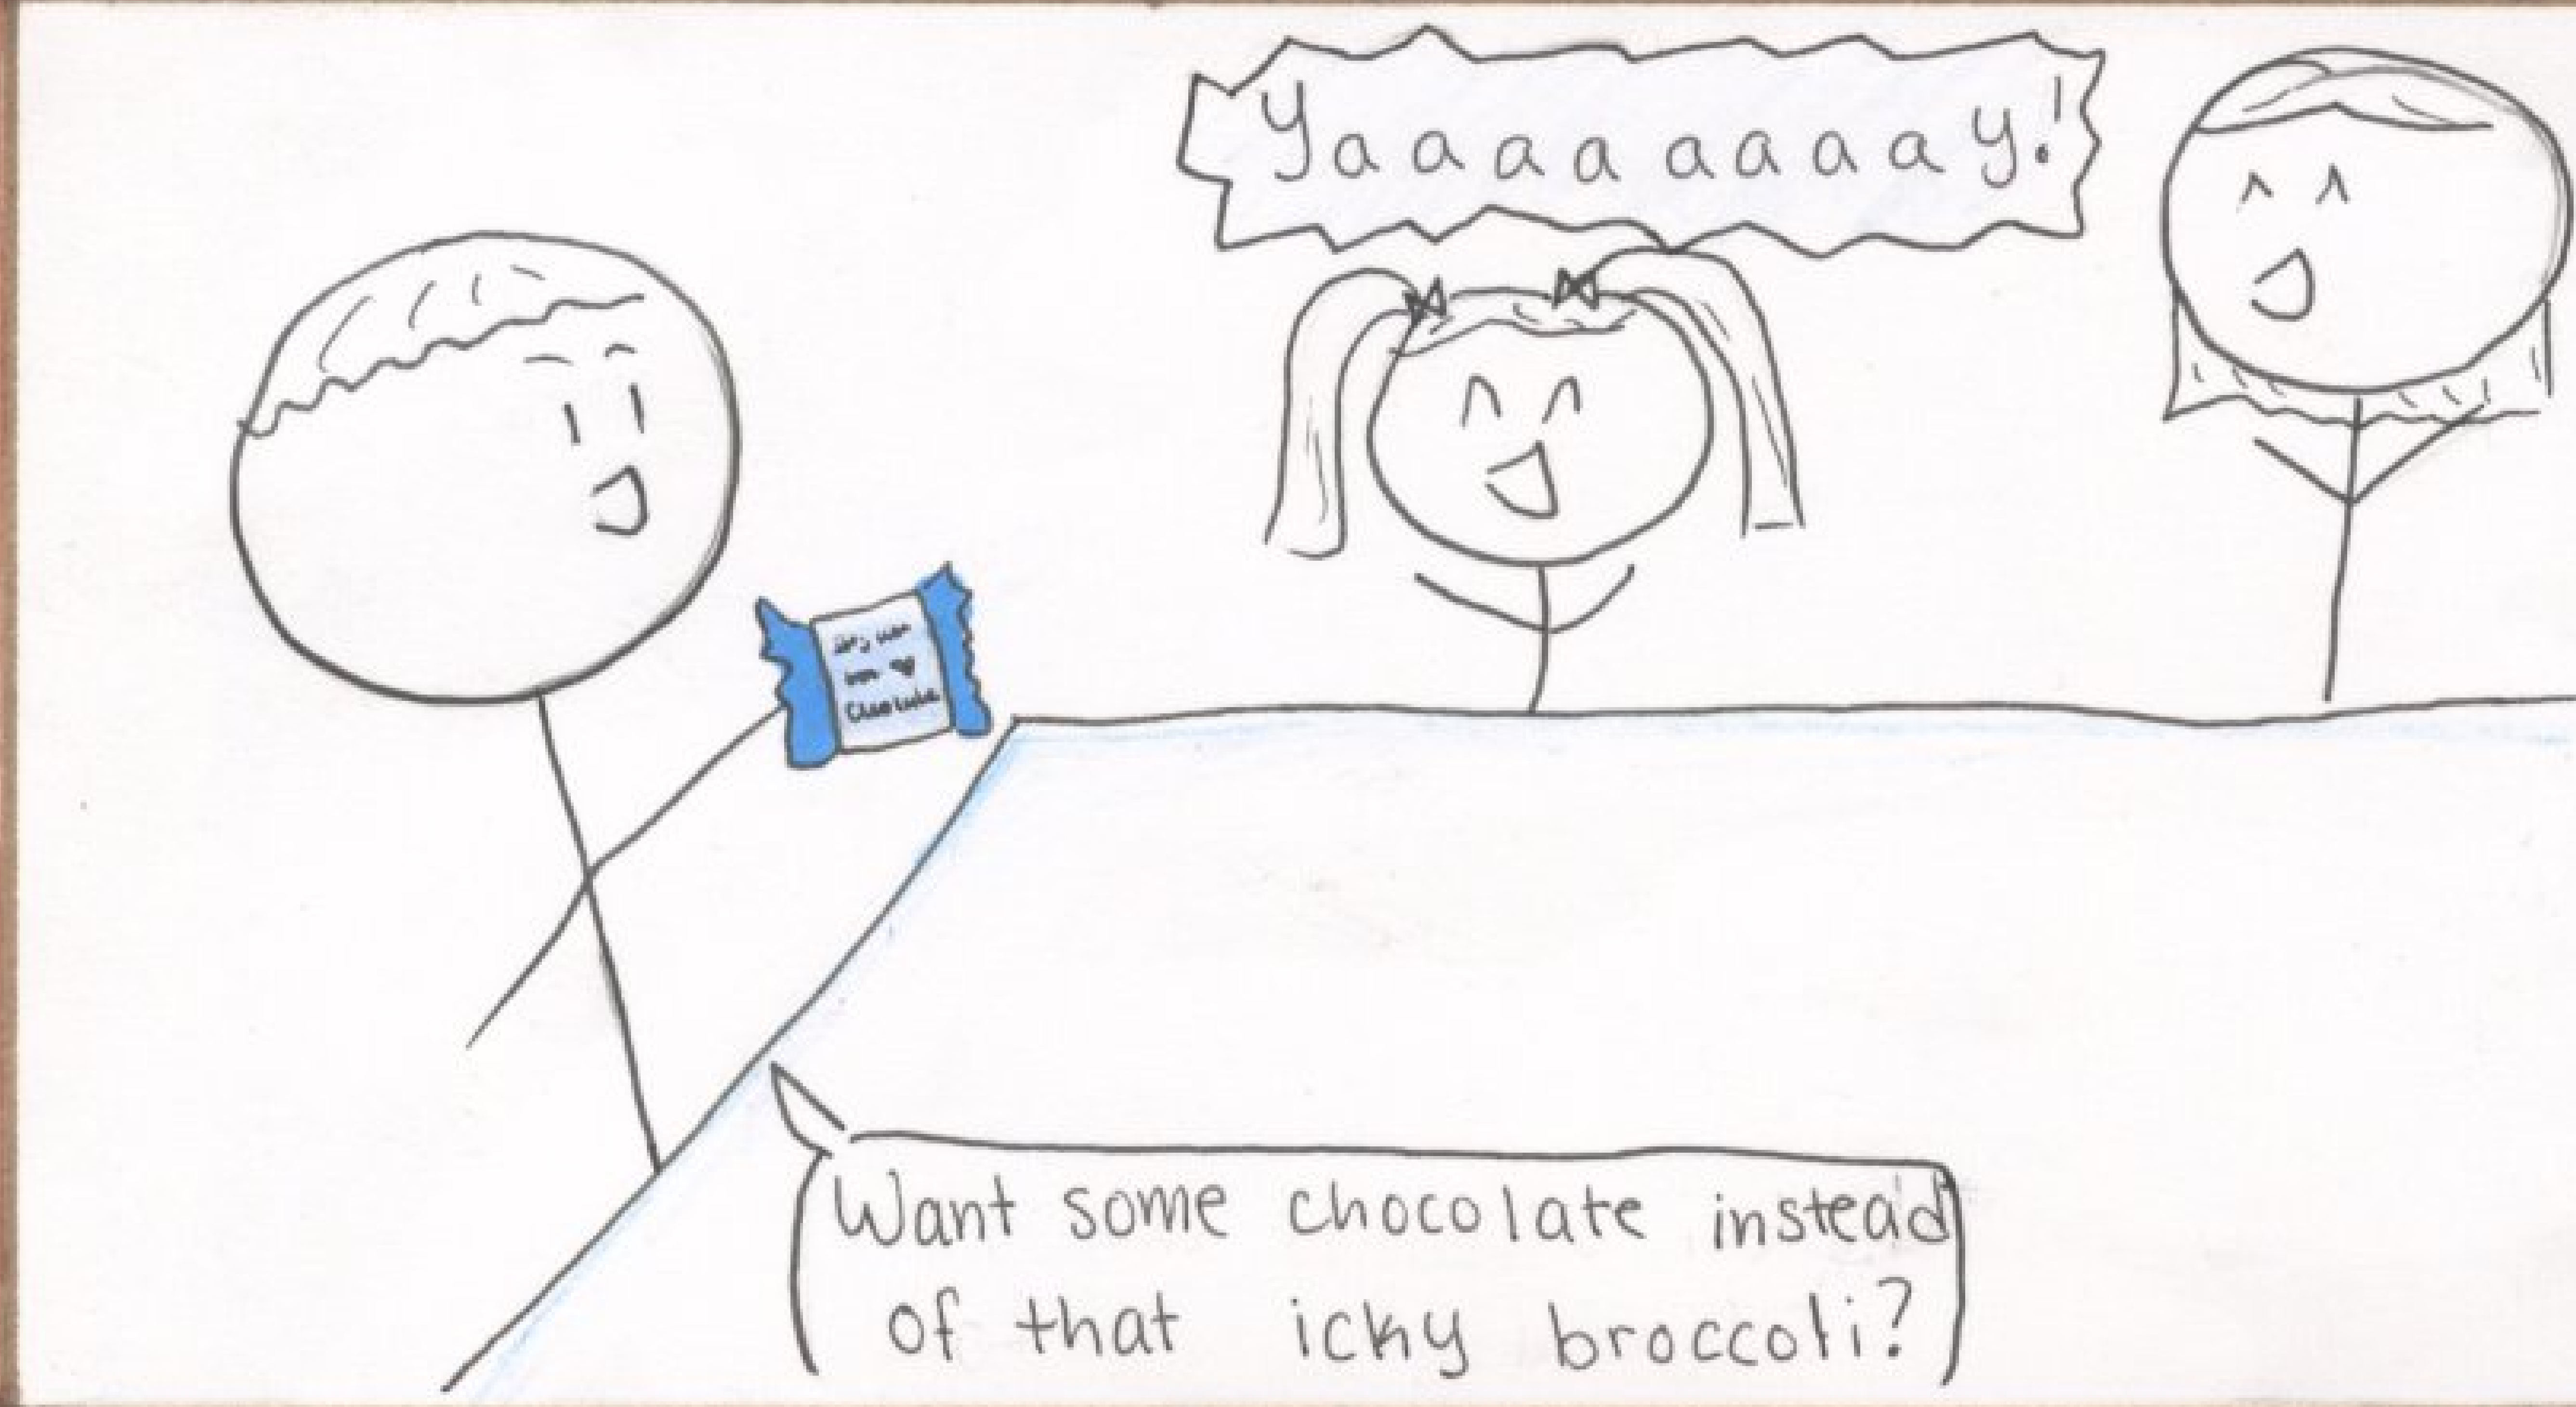

Want some chocolate instead  
of that icky broccoli?

Yaaaaay!

We finally had the sweetness back in our lives

End.
